Independent Auditor's Report

To the Members of Titan Engineering & Automation Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Titan Engineering & Automation Limited (the "Company") which comprise the balance sheet as at 31 March 2023, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Independent Auditor's Report (Continued)

Titan Engineering & Automation Limited

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
 a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
 involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 A. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Page 2 of 12

Independent Auditor's Report (Continued)

Titan Engineering & Automation Limited

- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its financial statements Refer Note 31 to the financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d (i) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 38(v) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 38(vi) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - e. The Company has neither declared nor paid any dividend during the year.
 - f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Engineering & Automation Limited for the year ended 31 March 2023

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
- (i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, all the property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value (In lakhs)	Held in the name of	Whether promoter, director or their relative or employee	Period held- indicate range, where appropriate	Reason for not being held in the name of the Company . Also indicate if in dispute
Land (Located at Hosur and Muduganapalli)	672	Titan Company Limited	Promoter	From 24 March 2015 (Date of Incorporation)	Refer note below
Buildings (Located at Hosur and Muduganapalli)	6,843	Titan Company Limited	Promoter	From 24 March 2015 (Date of Incorporation)	Refer note below

The title deeds of land amounting to INR 672 lakhs and building constructed on the land is in the name of Titan Company Limited. The Company had demerged from Titan Company Limited under section 391 to 394 of the Companies Act, 1956 in terms of the approval of the Honourable High Court of Madras vide order dated 13 February 2017.

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

Page 5 of 12

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Engineering & Automation Limited for the year ended 31 March 2023 *(Continued)*

- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The Company has granted loans to other parties during the year, details of the loan is stated in sub-clause (a) as below. The Company has not provided any loans, secured or unsecured, to companies, firms or limited liability partnerships during the year.
 - (a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has provided loans to employees as below:

Particulars	Guarantees (In Iakhs)	Security (In lakhs)	Loans (in lakhs)	Advances in nature of loans (In lakhs)

*As per the Companies Act, 2013

Page 6 of 12

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Engineering & Automation Limited for the year ended 31 March 2023 *(Continued)*

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the terms and conditions of the grant of loans are, prima facie, not prejudicial to the interest of the Company. Further, the Company has not made any investments, provided any guarantees, securities and advances in the nature of loans during the year.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and services provided by it and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities except slight delays in case of professional taxes.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

Page 7 of 12

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Engineering & Automation Limited for the year ended 31 March 2023 *(Continued)*

(b) According to the information and explanations given to us, there are no dues of Central Excise, Service Tax, VAT Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs a Cess and other statutory dues which have not been deposited on account of disputes, except for the following:

statute/Nat ure of the dues	Amount (INR in lakhs)*	Period to which the amount relates	Forum where dispute is pending
Central Excise, Service Tax and VAT	125 (12)	TRAN-1 credit	Commissioner of GST & Central Excise (Appeals)

*the amount disclosed is excluding interest and penalties, wherever applicable and amount in brackets represent amount paid under protest.

- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
 - (c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.
 - (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
 - (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under the Act.
 - (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).
- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit. Also refer note 37 to the financial statements.

Page 8 of 12

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Engineering & Automation Limited for the year ended 31 March 2023 *(Continued)*

- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the year and shared with us while determining the nature, timing and extent of our audit procedures.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) The Company is a wholly owned subsidiary of Titan Company Limited and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
 - (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) and 3(xvi)(b) of the Order are not applicable.
 - (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
 - (d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.
- (xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

Annexure B to the Independent Auditor's Report on the financial statements of Titan Engineering & Automation Limited for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Titan Engineering & Automation Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

Page 11 of 12

Annexure B to the Independent Auditor's Report on the financial statements of Titan Engineering & Automation Limited for the year ended 31 March 2023 *(Continued)*

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Titan Engineering & Automation Limited

Significant accounting policies and notes to the financial statements for the year ended 31 March 2023

1. Background

Titan Engineering & Automation Limited ('the Company') was incorporated on 24 March 2015 under the Companies Act, 2013 ("the Act") as a 100% subsidiary of Titan Company Limited to carry on the business of precision engineering and automation including acquiring and taking over the whole or part of businesses which the Company is authorized to carry on.

2. Significant Accounting Policies

This note provides a list of significant accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparation

i. Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standard ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 read with section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

ii. Basis of measurement

The financial statements have been prepared on an accrual basis under the historical cost convention except for the following that are measured at fair value as required by relevant Ind AS:

a) Certain financial assets and liabilities.

b) The defined benefit asset/ (liability) is recognized as the present value of defined benefit obligation less fair value of plan assets.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

iii. Use of estimates and judgement

The preparation of financial statements in conformity with Ind AS requires management to make estimates, assumptions and judgement that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates, assumptions and judgement are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual result may differ from these estimates.

Estimates and assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Assumptions and estimation

π

Information about assumptions and estimation uncertainties that have significant risk of resulting in a material adjustment in the year ending 31 March 2023 is included in the following notes:

A

Note 3 - Useful life of the Property, Plant and equipment;

Note 5 – Useful life of the Intangible assets;

Note 15 - Valuation of deferred tax liabilities;

Note 31 – Provisions and contingent liabilities;

Note 32 - Measurement of defined benefit obligations: key actuarial assumptions;

Notes 34 - Fair value measurement of financial instruments.

iv. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (i.e. the "functional currency"). The financial statements are presented in Indian Rupee, the national currency of India, which is the functional and presentation currency of the Company and is rounded off to the nearest lakh except when otherwise indicated.

v. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values and the valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the Note 34 – financial instruments.

vi. Revenue recognition

Revenue is recognized upon transfer of control of promised goods or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those goods or services.

a) Sale of goods: Revenue from the sale of products is recognised at the point in time when control is transferred to the customer.

Revenue is measured based on the transaction price, which is the consideration, net of customer incentives, discounts, variable considerations, payments made to customers, other similar charges, as specified in the contract with the customer. Additionally, revenue excludes taxes collected from customers, which are subsequently remitted to governmental authorities

b) Service income: Service income is recognised on rendering of services.

Use of significant judgements in revenue recognition

• The Company's contracts with customers could include promises to transfer multiple goods to a customer. The Company assesses the goods promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

A

vi. Revenue recognition (continued)

- Judgement is also required to determine the transaction price for the contract. The transaction price is a fixed
 amount of customer consideration. Any consideration payable to the customer is adjusted to the transaction
 price, unless it is a payment for a distinct good from the customer.
- The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct good or service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.

Interest income is recognized as it accrues in the statement of profit and loss using effective interest rate method.

The Company has determined that the revenues as disclosed in Note 19 are disaggregated into categories that depict how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors.

vii. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period in exchange of consideration.

Company as a Lessee

The Company applies a single recognition and measurement approach for all leases except for short-term leases. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. The nature of expenses related to those leases has changed from lease rent in previous periods to (i) amortization for the right-to-use asset, and (ii) interest accrued on lease liability.

Right-of-use assets are measured at cost comprising the following: i) the amount of the initial measurement of lease liability ii) any initial direct costs iii) restoration costs

Right-of-use assets are depreciated over the lease term on a straight-line basis.

NA

vii. Leases (continued)

b) Lease Liabilities:

Lease liabilities are measured at present value of following components:

i) fixed payments less any lease incentives receivable

ii) amounts expected to be payable by the Company under residual value guarantee

Incremental borrowing rate used for discounting has been determined by taking the interest rates obtained from financial institutions for borrowing the similar value of right of use assets for similar tenure for Titan Company Limited plus 15 basis points considering the nature and associated risk of the business. The rates will be reassessed on a yearly basis at the beginning of each accounting period to reflect changes in financial conditions. In case of finance leases, lease liability is measured using implicit rate.

c) Short-term leases:

The Company applies the short-term lease recognition exemption to its short-term lease contracts (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments for a short-term lease are recognised as expense on a straight-line basis over the lease term.

viii. Foreign currencies

Transactions in currencies other than the entity's functional currency (foreign currencies) are translated at the rates of exchange prevailing at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the statement of profit and loss in the period in which they arise.

ix. Employee benefits

Short Term Employee Benefits

All short-term employee benefits such as salaries, wages, bonus, special awards and medical benefits which fall within 12 months of the period in which the employee renders related services which entitles them to avail such benefits and non-accumulating compensated absences are recognised on an undiscounted basis and charged to the statement of profit and loss.

Defined contribution plan

Company's contributions to the Superannuation Fund which is managed by a Trust and Pension Fund administered by Regional Provident Fund Commissioner and Company's contribution to National Pension Scheme are charged as an expense based on the amount of contribution required to be made as when services are rendered by the employees.

Defined benefit Plan

The contribution to the Company's Gratuity Trust are provided using the projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected in retained earnings and is not reclassified to the statement of profit and loss.

ix. Employee benefits (continued)

The contribution to the Titan's Provident Fund Trust is made at predetermined rates and is charged as an expense based on the amount of contribution required to be made as when services are rendered by the employees. The Company in the process of transferring the funds pertaining to the Company from provident fund trust of Titan Company Limited.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

x. Taxation

Income tax comprises of Current tax and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to an item recognized directly in the other comprehensive income.

a) Current tax: The Current tax is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's Current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b) Deferred tax: Deferred tax assets and liabilities are recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax liabilities are recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets are not recognized, when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

x. Taxation (continued)

The Company offsets deferred income tax assets and liabilities, where it has a legally enforceable right to offset current tax assets against current tax liabilities, and they relate to taxes levied by the same taxation authority on either the same taxable entity, or on different taxable entities where there is an intention to settle the current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

xi. Property, Plant and Equipment

a) Recognition and measurement:

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price/ acquisition cost, net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use. Machine spare parts are recognised in accordance with this Ind AS when they meet the definition of property, plant and equipment, otherwise, such items are classified as inventory. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

The estimated useful life of the tangible assets and the useful life are reviewed at the end of the each financial year and the depreciation period is revised to reflect the changed pattern, if any.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

b) Depreciation

Depreciable amount for assets is the cost of an asset, or other substituted for cost, less its estimated residual value. Depreciation is calculated on the basis of the estimated useful lives using the straight line method and is generally recognised in the statement of profit and loss. Depreciation for assets purchased / sold during the year is proportionately charged from/upto the date of disposal. Free hold is not depreciated.

The estimated useful lives of items of Property, plant and equipment for the current and comparative periods are as follows:

Asset category	Management useful life	estimate	of	Useful life as per Schedule II
Building	30 to 60 years			30 to 60 years
Plant, machinery and equipment	10 to 15 years			10 to 15 years
Computers and servers	3 to 6 years			3 to 6 years
Furniture and Fixtures	5 years			10 years
Office equipment	5 years	- 1 w W		5 years
Vehicles	4 years			8 years

Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above represents the period over which the management expects to use these assets.

A

xi. Property, Plant and Equipment (continued)

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Repairs and maintenance costs are recognised in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the statement of profit and loss.

Advance paid towards acquisition of fixed assets outstanding at each balance sheet date is disclosed as capital advances under non-current assets.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

xii. Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment. Intangible assets are amortised over their respective estimated useful life's on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible assets is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

The estimated useful lives of intangible assets are as follows: Software - License period or 5 years, whichever is lower.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of the each financial year and the amortisation period is revised to reflect the changed pattern, if any.

xiii. Impairment

Impairment of financial assets:

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in the statement of profit and loss.

Impairment of non-financial assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which estimates of future cash flows have not been adjusted.

LA

xiii. Impairment (continued)

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of impairment loss is recognised immediately in the statement of profit and loss.

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of impairment loss is recognised immediately in the statement of profit and loss.

xiv. Inventories

Inventories are stated at the lower of cost or net realizable value. Cost is determined as follows:

a) Stores and spares, loose tools and raw materials are valued on a moving weighted average rate.

b) Work-in-progress and finished goods are valued on full absorption cost method based on the average cost of production.

Cost comprises all costs of purchase including duties and taxes (other than those subsequently recoverable by the Company), freight inwards and other expenditure directly attributable to acquisition. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Net realisable value represents the estimated selling price for inventories less estimated costs of completion and costs necessary to make the sale.

A

xv. Provisions and contingencies

Provisions: A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount in the present value of those cash flows (when the effect of time value of money is material).

Product warranty expenses: Product warranty costs are determined based on past experience and provided for in the year of sale.

Contingent liabilities: A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made in the financial statements.

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

xvi. Financial instruments

Recognition of financial assets and financial liabilities:

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially recognised at fair value. Transaction costs that are directly attributable to financial assets and liabilities [other than financial assets and liabilities measured at fair value through profit and loss (FVTPL)] are added to or deducted from the fair value of the financial assets or liabilities, as appropriate on initial recognition. Transaction costs directly attributable to acquisition of financial assets or liabilities measured at FVTPL are recognised immediately in the statement of profit and loss.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of financial assets.

A) Financial Assets Classification of financial assets:

On initial recognition, a financial asset is classified at

(i) Amortised cost

(ii) Fair value through other comprehensive income (FVOCI)

(iii) Fair value through profit and loss (FVTPL)

xvi. Financial instruments (continued)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

(i) Financial assets carried at amortized cost

A financial asset is measured at amortised cost if both of the following conditions are met:

a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and

b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding

(ii) Financial assets at fair value through comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii)Financial assets at fair value through profit and loss

A financial asset that meets the amortised cost criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the statement of profit and loss. The net gain or loss recognised in the statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of the cost of the investment and the amount of dividend can be measured reliably.

B) Financial liabilities: classification and subsequent measurement:

Financial liabilities carried at amortized cost

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Financial liabilities at fair value through profit and loss

A financial liability which is not classified in any of the above categories are subsequently carried at fair value through profit or loss.

Derecognition

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

xvi. Financial instruments (continued)

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognized in the statement of profit and loss.

xvii. Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

xviii. Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

xix. Earnings per share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included.

xx. Segment reporting

Operating segments are reported in the manner consistent with the internal reporting to the chief operating decision maker (CODM).

The Company's primary segment consists of Automation Solutions (previously called 'MBA') and Aerospace and Defence (previously called 'PECSA'). Secondary information is reported geographically.

Segment assets and liabilities include all operating assets and liabilities. Segment results include all related income and expenditure. Unallocated represents other income and expenses which relate to the Company as a whole and are not allocated to segments.

xxi. Consolidation

The Company is a wholly owned subsidiary of Titan Company Limited. It is included in the consolidated financial statements of Titan Company Limited which are publicly available. Therefore, the Company is exempt by virtue of Section 129 of the Companies Act 2013 read with Rule 6 of companies Rules, 2014 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

X

xxii. Recent pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 - Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

9.2 Trade receivables

Particulars	As at 31 March 2023	As at 31 March 2022
Considered good - unsecured* Less: Allowance for doubtful trade receivables	13,630 (346) 13,284	12,434 (216) 12,218
Credit impaired		93
Less: Allowance for doubtful trade receivables		(93)
*Includes dues from related parties - refer note 33	13,284	12,218

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The Provision matrix at the end of reporting period is as follows:

Ageing	Expected credit loss (%)	
Within credit period	Automation Solutions	Aerospace & Defence
Less than 1 year	2%	1%
1 to 2 years	0%	2%
2 to 3 years	4%	28%
Over 3 years	19%	46%
	100%	100%

b) Defined benefits plans

The expense recognized in the statement of profit and loss during the year are as under: Particulars

	31 March 2023	31 March 2022
Provident fund*	219	172
	219	172

* Contributions are made to the Company's Employees Provident Fund Trust at predetermined rates in accordance with the Fund rules. The interest rate payable by the Trust to the beneficiaries is as notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate and recognizes such shortfall as an expense. During the previous year ended 31 March 2023, the Company has charged Nil (previous year - INR 25 lakhs) being the change in measurement of defined benefit plans, in other comprehensive income for the shortfall in the interest payable by the Trust to the beneficiaries as on the balance sheet date.

c) Gratuity (Funded)

The Company makes annual contributions to The Titan Industries Gratuity Fund. The scheme provides for lump sum payment to vested employees at retirement, death while in employment, or on termination of employment as per the Company's Gratuity Scheme. Vesting occurs upon completion of five years of service.

The plan is a defined benefit plan in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that an adverse salary growth or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The principal assumptions used for the purposes of the actuarial valuations were as follows: Particulars

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Discount rate (p.a.) Salary escalation rate (p.a.)	7.45%	7.20%
- Non-management	8.0%	7.0%
- Management	8.0%	7.0%
- The retirement age of employees of the Company varies from 58 to 60 years.		

- The mortality rates considered are as per the published rates in the Indian Assured Lives Mortality (2012-14) Ult table.

- Rates of leaving service (leaving service due to disability included) at specimen ages are as shown below (Rate per annum):

Age (years)	For the year ended	For the year ended
	31 March 2023	31 March 2022

Sensitivity analysis

The key actuarial assumptions to which the defined benefit plans are particularly sensitive to are discount rate, leaving service rate and full salary escalation rate. The following table summarises the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the assumption by 50 basis points:

	For the year ended 31 March 2023		
	Discount rate	Salary escalation rate	Attrition rate
Defined benefit obligation on plus 50 basis points	2,431	2,687	2,525
Defined benefit obligation on minus 50 basis points	2,688	2,431	2,586
	For the y	ear ended 31 March	2022
	Discount rate	Salary escalation rate	Attrition rate
Defined benefit obligation on plus 50 basis points	1,928	2,126	2,004
Defined benefit obligation on minus 50 basis points	2,127	1,928	2,044
Maturity profile of defined benefit obligation

34.1 Financial instruments (continued)

(ii) Valuation technique used to determine fair value

- Specific value techniques used to value financial instruments include:
- the use of quoted market prices for listed instruments.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of foreign currency option contracts is determined using option prices obtained from banks.

- the fair value of remaining financial instruments is determined using market comparable, discounted cash flow analysis.

(iii) Fair value of financial assets and liabilities that are not measured at fair value but fair value disclosures are required The carrying values of financial assets and liabilities approximate the fair values.

34.2 Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company.

Credit risk is managed by the Company through approved credit norms, establishing credit limits, obtaining advances from customers and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss. Credit risk arises principally from the Company's receivables from customer. Refer note 9.2 for the disclosure for trade receivables.

34.3 Liquidity risk

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. The company expects to meet its other obligations from operating cash flows and proceeds of maturing financial assets.

Liquidity and interest risk tables:

The following tables details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn on an undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to

Contractual maturities of financial liabilities	less than 1 year		
As at 31 March 2023	iess man i year	more than 1 year	Total

Titan Engineering & Automation Limited

Notes to the financial statements for the year ended 31 March 2023 (All amounts in INR lakhs, unless otherwise stated)

34.4 Market risk

The Company is exposed to foreign exchange risk through its exports and imports in various foreign currencies. Exchange rate between the rupee and foreign currencies has changed in recent years and may fluctuate in the future. Consequently, the results of the Company's operations are affected as the rupee appreciates/ depreciates against these currencies.

The carrying amount of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting year are as follows:

Particulars		As at 31 March 2023		As at 31 March 2022	
	Foreign Currency (in lakhs)	Amount in INR	Foreign Currency (in lakhs)	Amount in INR	
Trade Receivables - EUR - USD - GBP Bank balances - EUR Advances to suppliers - EUR - USD - GBP	65.36 52.92 1.01 3.70 3.88 3.11 0.59	5,846 4,348 103 331 347 256 60	51.71 42.65 0.42 2.40 1.17 0.65	4,33 3,22 4 20 9 4	
- JPY Trade Payables - EUR	38.36	24	0.10 6.25	1	
- USD - CHF - CAD	4.06 8.98 -	363 738 -	2.44 5.74 0.08	20 43	
- GBP - JPY - SGD Idvance from customers	0.58 36.13 0.01	59 22 1	0.01 0.51 - 0.01	5	
- EUR - USD	14.81 8.24	1,324 677	6.62 11.14	55 84	

Foreign currency sensitivity analysis:

The Company is mainly exposed to USD and EURO. The Company's sensitivity to a 50 basis point increase and decrease in the INR against the relevant foreign currencies is presented below:

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 50 basis point change in foreign currency rates. There is a decrease in profit or equity by INR 41 lakhs (Previous year: INR 30 lakhs) where the INR strengthens 50 basis point against the relevant currency. For a 50 basis point weakening of the INR against the relevant currency, there would be a comparable increase in profit or equity.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Titan Engineering & Automation Limited

Notes to the financial statements for the year ended 31 March 2023

(All amounts in INR lakhs, unless otherwise stated)

35 Capital management

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plan and other strategic investment plans. The funding requirements are primarily met through equity and operating cash flows generated. The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholder. The Company is not subject to any externally imposed capital requirements.

36 **Financial Ratios**

Particulars a) Current Ratio	Numerator	Denominator	As at 31 March 2023	As at 31 March 2022	Variance %
	Total current assets	Total current liabilities	1.93	2.12	-9%
b) Debt-Equity Ratio {refer note (a)}	and lease liabilities		0.13	0.04	199%
	Net Profit after taxes + Non-cash operating expenses + Finance cost + other non cash	and lease payments + Principal repayments	0.30	1.42	-79%
	Profit after Tax)		6%	4%	36%
	Cost of goods sold	Average inventory	1.62	1.35	20%
turnover ratio		Average trade receivables	4.00	3,83	4%
g) Trade payables turnover ratio {refer note (d)}	Net purchases	Average trade payables	5.04	6.99	-28%
(Revenue from operations	Current Liabilities)	2.85	2.16	32%
		operations	4.2%	4.1%	2%
	finance cost	Tangible Net Worth + Total Debt + Deferred Tax Liability	7%	6%	13%
c) Return on nvestments {refer note (f)}	Income generated from		2.51%	3.81%	-34%

Explanation for ratios where the variance is beyond 25% compared to previous year:

a) Increase in debt in the current year has resulted in increase in the ratio.

b) Increase in cash profits for the year along with increase in interest and principal payments has resulted as decrease in the ratio.

c) Increase in profit after tax has resulted in increase in the ratio.

d) Increase in trade payable has resulted in decrease in ratio.

e) Increase in revenue has resulted in increase in the ratio

f) Less returns from the average mutual funds invested has resulted in decrease in the ratio.

During the previous year, the Management based on its initial investigation, has identified misappropriation of funds aggregating INR 145 lakhs during the financial year 2019-20 by a then employee of its holding company through manual bank payments made directly from the bank portal without recording the transactions in the Company's books. The Company had charged off this amount to the Statement of profit and loss under Miscellaneous expenses in the previous year. The company has recovered an amount of INR 104 lakhs during the current year. Such amount recovered has been credited under miscelleneous Expenses.
