Independent Auditor's Report

To the Members of Titan Commodity Trading Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Titan Commodity Trading Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

B S R & Co. (a partnership firm with Registration No. BA61223) converted into B S R & Co. LLP (a Limited Liability Partnership with LLP Registration No. AAB-8181) with effect from October 14, 2013

Registered Office:
14th Floor, Central B Wing and North C Wing, Nesco IT Park 4, Nesco Center, Western Express Highway, Goregaon (East), Mumbai - 400063

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.

f. the reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors)Rules,2014.

g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company does not have any pending litigations which would impact its financial position.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 25(a) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 25(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software, except for the following instances mentioned below:

- For data changes performed by users having privileged access (debug) in the accounting software used to maintain general ledger.
- At database level, the audit trail was enabled only from May 2023 in the accounting software used to maintain general ledger.

Further , In the absence of Service Organizations Control (SOC 1) Type 2 report in relation to controls related to accounting software used for Revenue process, we are unable to comment on whether the feature of recording audit trail (edit log) facility was enabled at the application and database level and whether there were any instances of the audit trail feature being tampered with.

Also, where audit trail (edit log) facility was enabled, we did not come across any instance of audit trail feature being tampered with.

C. In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Commodity Trading Limited for the year ended 31 March 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancy was noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering broking services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from a bank on the basis of security of term deposits placed with this bank, on which loan has been availed.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it provided guarantee or security. However, according to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of loans given by the Company, in our opinion the provisions of Section 185 and 186 of the Companies Act, 2013 have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Commodity Trading Limited for the year ended 31 March 2024 *(Continued)*

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Income-Tax, Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of Duty of Customs, Duty of Excise and Employee's State Insurance.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Income-Tax or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Income-Tax, Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Commodity Trading Limited for the year ended 31 March 2024 *(Continued)*

13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the year and shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) The Company is a wholly owned subsidiary of Titan Company Limited and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, though the Company is not required to have an internal audit system under Section 138 of the Act, the Company does have an internal audit system commensurate with the size and nature of its business

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has seven CICs as part of the Group

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

Annexure A to the Independent Auditor's Report on the Financial Statements of Titan Commodity Trading Limited for the year ended 31 March 2024 *(Continued)*

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of Titan Commodity Trading Limited for the year ended 31 March 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Titan Commodity Trading Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

Annexure B to the Independent Auditor's Report on the financial statements of Titan Commodity Trading Limited for the year ended 31 March 2024 *(Continued)*

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Titan Commodity Trading Limited

1. Corporate Information

Titan Commodity and Trading Limited ("the Company") with registered office at Integrity No.193, Veerasandra, Electronics City P.O, Off Hosur main road, Bengaluru - 560100 India was incorporated on 10 August 2020 under the provisions of Companies Act, 2013 as a wholly owned subsidiary of Titan Company Limited ("TCL" or "Holding company"). The Company is engaged in the business of trading in various commodities and products by acquiring or registering as a member of direct commodities or commodity futures (primarily Gold). Accordingly, the Company has registered with the Securities and Exchange Board of India ("SEBI") and obtained certificate of registration on 4 December 2020. The Company is also a member of Multi Commodity Exchange of India Ltd ("MCX") with effect from 26 November 2020 and MCX have activated for enabling the Company for trading on 4 February 2021.

2A. Basis of preparation

A. Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standard ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended, read with section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

The financial statements are approved for issue by the Company's Board of Directors on 30 April 2024.

B. Basis of measurement

These financial statements have been prepared on an accrual basis under the historical cost convention except for fair value through other comprehensive (FVTOCI) instruments, derivative financial instruments and financial assets and liabilities designated at fair value through profit and loss (FVTPL), all which have been measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

C. Use of estimates and judgement

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may diverge from these estimates.

Estimates and assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

2.Basis of preparation (continued)

D. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (i.e. the "functional currency"). The financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values and the valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

2B. Material Accounting Policies

A. Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation.
Ind AS 115, Revenue from contracts with customers, outlines a single comprehensive model of accounting for revenue arising from contracts with customers. The Company is engaged in the business of providing brokerage services.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

A. Revenue recognition(continued)

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

The Company recognises revenue from the following sources:

a) **Brokerage fee income**
Income from services rendered as a broker is recognised upon rendering of the services on trade date basis upon confirmation by the stock exchange, in accordance with the terms of contract.

b) **Income from bank guarantee commission**
Income from bank guarantee commission is recognized at an agreed rate based on the bank guarantee value provided to the customer.

c) **Other Income**
In calculating the interest income the effective interest rate is applied to the gross carrying amount of the assets (when the asset is not credit impaired).

B. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease i.e., if the contract conveys the right to control the use of an identified asset for a period in exchange of consideration.

Company as a Lessee

The Company applies a single recognition and measurement approach for all leases except for short-term leases. The Company does not have lease which qualify to be recognized under Ind AS 116 accounting.

C. Employee benefits

Short-term employee benefits

All short-term employee benefits such as salaries, wages, bonus, special awards and medical benefits which fall within 12 months of the period in which the employee renders related services which entitles them to avail such benefits and non-accumulating compensated absences are recognised on an undiscounted basis and charged to the statement of profit and loss.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

C. Employee benefits(continued)

Defined contribution plan

The Company's contributions to the Superannuation Fund which is managed by a Trust and Pension Fund administered by Regional Provident Fund Commissioner and Company's contribution to National pension Scheme are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan

The contribution to the Titan Industries Gratuity Fund is provided using the projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected in retained earnings and is not reclassified to the statement of profit and loss.

The contribution to the Titan Watches Provident Fund Trust is made at predetermined rates and is charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

Employee Stock option plan

Equity settled share based payments of parent company are made to the eligible employees and Company does not have any contractual obligation (legal or constructive) to provide equity instruments of parent company. Accordingly, Company has measured the services received from its employees in accordance with the requirements applicable to equity-settled share-based payment transactions and recognize a corresponding increase in inter-company payable. The Company measures compensation cost relating to employee stock options using the intrinsic value method. Compensation expense is amortized in a systematic manner over the graded vesting period.

D. Income tax

Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

i. **Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or recoverable from tax authorities after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

D. Income tax(continued)

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

E. Impairment

Impairment of financial assets:

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the statement of profit and loss.

Impairment of non-financial assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the

E. Impairment(continued)

assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of impairment loss is recognised immediately in the statement of profit and loss.

F. Provisions and contingencies

Provisions: A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of time value of money is material).

Contingent liabilities: A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made in the financial statements.

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

G. Financial instruments

<u>Recognition of financial assets:</u>

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially recognised at fair value. Transaction costs that are directly attributable to financial assets and liabilities [other than financial assets and liabilities measured at fair value through profit and loss (FVTPL)] are added to or deducted from the fair value of the financial assets or

G. Financial instruments(continued)

liabilities, as appropriate on initial recognition. Transaction costs directly attributable to acquisition of financial assets or liabilities measured at FVTPL are recognised immediately in the statement of profit and loss.

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of financial assets.

A) Financial Assets

Classification of financial assets:

On initial recognition, a financial asset is classified at

(i) Amortised cost
(ii) Fair value through other comprehensive income (FVOCI)
(iii) Fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the group changes its business model for managing financial assets.

i) Financial assets at amortised cost:

A financial asset is measured at amortised cost if both of the following conditions are met:

a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and

b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Effective interest method:

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets. Interest income is recognised in profit or loss and is included in the "Other income" line item.

ii) Investments in equity instruments at Fair Value Through Other Comprehensive Income (FVTOCI)

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value either in the statement of profit and loss or in other comprehensive income pertaining to equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through

G. Financial instruments(continued)

other comprehensive income'. The cumulative gain or loss is not reclassified to the statement of profit and loss on disposal of the investment.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or

- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or

- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Currently, the Company has not elected to present subsequent changes in investments in equity instruments in OCI. Accordingly, the same are considered as investments measured at FVTPL.

iii) Investments in equity instruments at FVTPL

A financial asset that meets the amortised cost criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the statement of profit and loss. The net gain or loss recognised in the statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of the cost of the investment and the amount of dividend can be measured reliably.

iv) Derecognition of financial assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or

- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

When the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Whether the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. When the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

The Company has applied derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after the transition date of Ind AS.

Titan Commodity Trading Limited

Notes to financial statements (continued)

G.Financial Instruments (continued)

B. Financial liabilities: classification, subsequent measurement and derecognition:

Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognised at the proceeds received, net of direct issue costs.

Other Financial liabilities:

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such in initial recognition.

Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any interest paid on the financial liability and is included in the 'Other income/Other expenses' line item.

The Company has designated amount payable for gold taken on loan from banks on initial recognition as fair value through profit and loss.

Financial liabilities subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Foreign exchange gains and losses:

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in the statement of profit and loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are

G.Financial Instruments (continued)

measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in the statement of profit and loss.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

The Company has applied derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after the transition date of Ind AS.

H.Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

I.Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

J. Earnings per share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included.

K. Property, plant and equipment

Recognition and measurement:

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price/ acquisition cost, net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable

K. Property, plant and equipment(continued)

from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

The estimated useful life of the tangible assets and the useful life are reviewed at the end of each financial year and the depreciation period is revised to reflect the changed pattern, if any.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Depreciation

Depreciable amount for assets is the cost of an asset, or other substituted for cost, less its estimated residual value. Depreciation is calculated on the basis of the estimated useful lives using the straight line method and is generally recognised in the statement of profit and loss. Depreciation for assets purchased/ sold during the year is proportionately charged from/upto the date of disposal. Free hold land is not depreciated.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Asset category	Useful lives
Computers	3 years

Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above represents the period over which the management expects to use these assets.
When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Repairs and maintenance costs are recognised in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the statement of profit and loss.

Advance paid towards acquisition of fixed assets outstanding at each balance sheet date is disclosed as capital advances under noncurrent assets.

Intangibles

Intangible assets are stated at cost less accumulated amortisation and impairment. Intangible assets are amortised over their respective estimated useful lives on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible assets is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Titan Commodity Trading Limited

Notes to financial statements (continued)

K. Property, plant and equipment(continued)

The estimated useful lives of intangible assets are as follows:
Software - License period or 5 years, whichever is lower.

The estimated useful life of the tangible assets and the useful life are reviewed at the end of each financial year and the depreciation period is revised to reflect the changed pattern, if any.

L. Recent pronouncements

As on date of release of these financial statements, MCA has not issued any standards/amendments to accounting standards which are effective from 1 April 2024.

*The Company was in receipt of an email communication from MCX on 09 April 2022 demanding penalty of Rs. 36,13,605 for non-submission of segregation of client collaterals of 16 February 2022 as per Exchange Compliance requirements. The Company had submitted responses to the penalty and requested for a waiver of the said penalty.
In April 2023, the Company received a final demand from MCX confirming the levy of the above penalty and a provision as at 31 March 2023 for the entire penalty amount was created.
However, the relevant authority considered the Company's request and waived the entire anount of penalty in March 2024.The provision has accordingly been reversed and recognised as miscellaneous income

e) Rights, preferences and restrictions attached to shares
The Company has only one class of equity shares. Each holder of equity shares is entitled to one vote per share. The company has not declare any dividend All equity shares rank pari passu with regard to dividends and residual assets of the Company.

In the event of liquidation, the shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion of their shareholdings.

f) Capital management
The Company's objective for capital management is to maximise share holding value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans, longterm and other strategic investment plans. During the previous year, as required by the MCX under the notification released on 24 Feb 2023, the company was required to maintain a minimum networth of 10% of the average daily cash balance of clients retained with the member accross segments/ exchanges in the previous 6 months. Hence, additional share capital was raised under rights issue

The Company's policy is to maintain a stable capital base so as to maintain investor and market confidence and to sustain future development of the business. Management monitors capital on the basis of return on capital employed. For the purpose of debt to total equity ratio, the Company does not have any debt and hence not disclosed debt-equity ratio.

g) There are no shares reserved for issue under options and contracts/commitments for the sale of shares or disinvestment.

20 Earnings per share

A. Basic earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year (including equity shares that will be issued upon the conversion of a mandatorily convertible instruments).

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following table sets forth the computation of basic and diluted earnings per share:

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Profit for the year (₹ lakhs)	407	197

Employee pension fund	1	1
	4	4

Note: The above expense are disclosed under Contribution to provident and other funds - Employee benefits expense (refer note 17).

M.D

₹in lakhs

22 Employee benefits (continued)

Defined contribution plans
Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.
The Company provides superannuation benefits to its employees which are treated as defined contribution plans.

a) Superannuation fund
All eligible employees on Indian payroll are entitled to benefits under Superannuation, a defined contribution plan. The Company recognises such contributions as an expense when incurred.

The Company expensed 3 lakhs and 3 lakhs for the years ended 31 March 2024 and 31 March 2023, respectively, towards Titan Watches Superannuation Fund.

b) Defined Benefit Plans
The expense recognized in the statement of profit and loss during the year are as under:

Particulars	**For the year ended 31 March 2024**	**For the year ended 31 March 2023**
Provident fund*	5	4
Long Service Award	0	1
	5	5

* Contributions are made to the Titan Watches Provident Fund Trust at predetermined rates in accordance with the Fund rules. The interest rate payable by the Trust to the beneficiaries is as notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate and recognizes such shortfall as an expense.

i) Gratuity (Funded)
The Company makes annual contributions to The Titan Industries Gratuity Fund. The scheme provides for lump sum payment to vested employees at retirement, death while in employment, or on termination of employment as per the Company's Gratuity Scheme. Vesting occurs upon completion of five years of service.

The plan is a defined benefit plan which is sponsored by the Group and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that an adverse salary growth or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

There were no employees during previous year, hence the discount rate and salary escalation rate are considered as NIL.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	**For the year ended 31 March 2024**	**For the year ended 31 March 2023**
Discount rate (p.a.)	7.20%	7.45%
Salary escalation rate (p.a.)	8.00%	8.00%

- The retirement age of employees of the Company varies from 58 to 60 years.
- The mortality rates considered are as per the published rates in the Indian Assured Lives Mortality (2012-14) Ult table.
- Rates of leaving service (leaving service due to disability included) at specimen ages are as shown below:

	Rates (p.a.)	
Age (Years)	**For the year ended 31 March 2024**	**For the year ended 31 March 2023**
21-44	6.00%	6.00%
45 and above	2.00%	2.00%

Components of defined benefit costs recognised in the statement of profit and loss are as follows:

Sensitivity analysis

The key actuarial assumptions to which the defined benefit plans are particularly sensitive to are discount rate, full salary escalation rate and attrition rate. The following table summarises the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the assumption by 50 basis

	As at 31 March 2024		
	Discount rate	Salary escalation rate	Attrition rate
Defined benefit obligation on plus 50 basis points	109	114	109
Defined benefit obligation on minus 50 basis points	114	109	112

	As at 31 March 2023		
	Discount rate	Salary escalation rate	Attrition rate
Defined benefit obligation on plus 50 basis points	90	95	92
Defined benefit obligation on minus 50 basis points	95	90	93

Maturity profile of defined benefit obligation

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
With in year 1	2	2
1 year to 2 years	3	2
2 years to 3 years	3	2
3 years to 4 years	70	3
4 years to 5 years	32	60
Over 5 years	50	72

The Company is expected to contribute ₹ 7 lakh to the gratuity fund next year.

A split of plan asset between various asset classes is as below:

Particulars	For the year ended 31 March 2024		For the year ended 31 March 2023	
	Quoted	Unquoted	Quoted	Unquoted

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Compensated absences		
Non-current	24	22
Current	4	3
	28	25

23 Employee stock option plan (ESOP)

During the year, the Company's eligible employees were granted employee stock options by its holding company - "Titan Company Limited".
As per the plan, the vesting period of the option is one to four years from the date of grant. Options granted under the Scheme can be exercised within a period of six years from the date of vesting. For employees leaving the organization, an option can be exercised within 3 months from the date of resignation.

The Company recognizes compensation expenses relating to these share-based payments using fair value in accordance with Ind AS 102, Share-Based Payment. These Employee Stock Options granted are measured by reference to the fair value of the instrument at the date of grant. The holding company recharges the ESOP expenses relating to the Company's employees. These expense are recognised in the statement of profit and loss under employee stock option expense with a corresponding credit in other non-current liability. The detail below captures the information of the entire plan of the Holding Company.

Fair Value Measurement

The fair value at grant date is determined using the Black-Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

*The weighted average remaining contractual life of the options outstanding as of March 31, 2024 was 2.09 years.
The fair value of the options is estimated on the date of grant using the Black-Scholes Model with the following assumptions:

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
No of options granted	3,000	-
Risk free interest rate	6.80	-
Expected life of options granted	3.0	-
Expected volatility (weighted average)	28.50	-
Dividend Yield (%)	0.32	-
Fair value of options per share (₹)	2,628	-
Exercise price (in ₹)	1	-

Note: There are no derivative instruments as at 31 March 2024 and 31 March 2023.

25.2 Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

The fair values for assets and liabilities which are measured at amortised cost as at 31 March 2024 and 31 March 2023 are same as disclosed in note 25.1 above.

25.3 Financial risk management

The Company evaluate business risks and challenges. These risks include market risk, credit risk and liquidity risk.

i) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk is managed by the Company through approved credit norms, establishing credit limits, obtaining advances from customers and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. As of 31 March 2024 Company was not exposed to credit risk as there were no trade receivables at the year end.

ii) Liquidity risk

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. The company expects to meet its other obligations from operating cash flows and proceeds of maturing financial assets.

Contractual maturities of financial liabilities as at 31 March 2024	**Less than 3 months**	**More than 3 months**	**Total**

iii) Market risk

Market risk arises when movements in market factors (foreign exchange rates, interest rates, credit spreads and equity prices) impact the Company income or market value of its portfolio. The Company in its course of business, is exposed to change in equity prices, interest rates and foreign exchange rates. The objective of market risk management is to maintain an acceptable level of market risk exposure while aiming to maximize return. Further, the Company is holding fixed deposits, which is provided by clients to maintain margin in MCX, and any interest earned is passed through to the clients. Therefore the Company was not exposed to market risk, with respect to interest rates for the fixed deposit balances outstanding as at the reporting date.
